

To Whom It May Concern:

Reference for Lori William of Strategix Limited

Lori William, of Strategix Limited, was hired as a consultant by Lorne S. Kamelchuk Professional Corporation in early 2010. Since then she has been working primarily with our Treatment Coordinator to increase efficiency and implement new systems within our Orthodontic practice.

Lori is professional and efficient in her approach to work and very skilled in every thing she does. Her years of experience in the Orthodontic community have allowed Lori to develop systems and reports that are easy to implement and maintain on an on-going basis.

Her contribution to all areas of our practice in which she has been involved have been much appreciated. Lori was able to assist me and provide coaching to deal with difficult staffing issues and general office management.

I believe that Lori will have a positive impact to any organization that she may work with and I recommend her without any hesitation.

I would gladly answer any request for further information.

Sincerely,

Amanda Kiefer

Dear Lori,

I would like to say thank you for a fantastic summit in Calgary. Between yourself and Cora-Marie you delivered exactly what I was hoping for and more. You lived up to my initial impression of you that you were confident, powerful and would get the job done.

I think my staff enjoyed themselves and really left feeling like they have something to work towards for the best of the office and of course for themselves. I must say that the "fluff" of the first day was an excellent set-up for the second day of reality. I think the schedule is going to be amazing and I can hardly wait to get started.

So thanks again and I will ensure that things are done from my end to ensure the best results in the upcoming transition.

Best Personal Regards,

Dr. Gail Burke
